10 November 1980

STATINTL MEMORANDUM FOR:

████████████████████

Executive Officer, ODP

STATINTL THROUGH:

████████████████████

Chief, Systems Programming Division

STATINTL FROM:

████████████████

Chief, Data Base Systems Branch

SUBJECT: Request to Provide GIMS Support to FBI and FAA

1. Other Agencies

   United States Department of Justice
   Federal Bureau of Investigation
   Washington, D.C. 20535
   Contact: Robert Alan Jordan

   Department of Transportation
   Federal Aviation Administration
   Washington, D.C. 20591
   Contact: Gary D. Titsworth

2. Description of Assistance

   Provide briefings, documentation, and software to the above agencies in connection with the latest release (4.2B) of GIMS software. ODP Instruction 10-1-78, Release of Magnetic Media Outside of CIA, will be complied with.

3. Location of Assistance

   Central Intelligence Agency

4. Component Involved

   Office of Data Processing

5. Basis for Activity

The Office of Data Processing supports a wide community of GIMS users within the Central Intelligence Agency. As a result we have developed a support structure for the configuration of new software releases. Other agencies should benefit from our work.

6. Financial Cost

2 minutes CPU time

7. Work hours

12 hours (including briefings)

8. Person to Contact for Additional Information

STATINTL

The Federal Bureau of Investigation (FBI) is preparing to convert some of its operating systems from OS/MVT to MVS. Before this can be accomplished, the FBI will need an MVS version of the GIM-II software. Consequently, I am requesting the following be provided to STATINT━━━━━━━━━━━━━━ Computer Systems Analyst, Technical Services Division:

1. A copy of the GIM-II software which runs under MVS.

2. Any support programs which would be beneficial in the accounting/maintenance/utilization statistics.

3. Any documentation concerning changes or enhancements since our last release of 4.1A.

STATINTL   With regard to our telephonic conversation concerning a GIM-II User's meeting to discuss the new release and its capabilities, ━━━━ is looking forward to discussing the arrangement with you at your earliest convenience.

Your anticipated cooperation in handling the above requests is greatly appreciated.

Sincerely,

Special Agent John M. Cary
Section Chief
Operations Management Section
Technical Services Division
